

**5<sup>th</sup> Annual Symposium:**

---

**Genomic approaches towards Precision Cancer Medicine**

---

**08.30-09.00      Coffee and snacks**

09.00-09.10      Welcome – **Paul Van Hummelen**  
09.10-09.30      CCGD Updates – **Aaron Thorner, PhD**

---

**Lecture** (Chair: Laura MacConaill)

**09.30-10.15**      PROFILE: Dana-Farber's Ongoing Experiment in Universal Cancer Genotyping  
**Barrett Rollins, MD PhD** – Chief Scientific Officer DFCI

---

(Chair: Matthew Ducar)

10.15-10.45      Genetic determinants of progression in Barrett's esophagus  
**Matthew Stachler, MD PhD, DFCI**

10.45-11.15      Genomic profiling to characterize disease biology in patient-derived xenografts  
**Mark Murakami, MD, DFCI**

11.15-11.45      Targetable Genetic Bases of Immune Evasion in Lymphoma  
**Margaret Shipp, MD PhD, DFCI**

**11.45-01.00      Lunch at Yawkey 306/307/308 and sponsor visiting**

---

**Lecture** (Chair: William Hahn)

**01.00-01.45**      Technology Frontiers in Human Cancer Genomics  
**Matthew Meyerson, MD PhD**

---

(Chair: Elizabeth Garcia)

01.45-02.15      Computational Infrastructure for Precision Medicine; cBioPortal and beyond  
**Ethan Cerami, PhD, DFCI**

02.15-03.00      Clinical Vignettes  
**James Cleary, MD PhD, DFCI:** Oncopanel Profiling in solid tumors  
**Daniel Deangelo, MD PhD, DFCI:** Oncopanel Profiling in ALL  
**Brenton Mar, MD PhD, DFCI:** HemePanel Profiling in ALL

03.00-03.30      Genotyping of cell-free plasma DNA as a tool for clinical care and genomic discovery  
**Geoffrey Oxnard, MD PhD, DFCI**

**03.30-03.45      Coffee break**

---

**Lecture** (Chair: Neal Lindeman)

**03.45-4:30**      Clinical Decision Support in the Era of Genome Informed Cancer Medicine  
**Mia Levy, MD PhD** – Vanderbilt-Ingram Cancer Center

---

Closing remarks: **Paul Van Hummelen, PhD**

---

**Date:** January 29, 2016**Venue:** Jimmy Fund Auditorium, Dana-Farber Cancer Institute, 35 Binney St., Boston, MA, 02115**Registration:** Registration is free but encouraged.
